- take the newsletter and other communications home promptly
- eat healthy food and do exercise so I am fit to enjoy and achieve at school

Our Vision

Church Hill School is a caring learning community in which every individual has an equal opportunity to discover, explore and realise their highest potential.

We believe it is the right of all to have access to high quality learning experiences in stimulating and supportive environments where prejudice and stereotypes are challenged.

We recognise the importance of good behaviour and mutual respect as essential in providing such an environment where effective learning can take place and where children can develop self-esteem, independence, self disciplined and responsibility.

Our Values

At Church Hill Primary School we give regular thought to how values can be used to support the child as a reflective learner and promote quality teaching and learning. In our society children are increasingly encouraged through advertising to think of happiness as something which can be found simply in the material world. They are generally encouraged to experience life in a world which is external to their inner selves. As a school community we believe that the ethos of the school should be built on a foundation of values. The values we focus on are:

Friendship
Kindness
Determination
Respect
Patience
Courage
