

Church Hill School Music Curriculum Impact Statement

As a result of our Music curriculum, our pupils:

- Children have the courage and confidence to compose their own songs and simple music.
- Use new subject-specific Music vocabulary appropriately in their explanations and work.
- Feel valued by their peers and school staff and believe that they can achieve and succeed in Music.
- Develop an appreciation for a wide variety of music and discuss their own preferences.
- Talk with confidence and become inspired by the work of significant musicians from both the past and present.
- To have inquisitive minds, to take risks to challenge themselves both independently and working with others.
- Leave primary education being secondary ready, equipped with secure musical knowledge.
