

Church Hill Primary School

Pupil Premium Mission Statement 2019 – 2020.

Every staff member at Church Hill is fully committed to raising the attainment and progress of all our pupils and diminishing the difference for our disadvantaged pupils through challenge for all.

Our whole school aim, through our shared ethos, is to provide learning opportunities of the highest quality for all our pupils so that they achieve the best they can and fulfil their true potential, no matter what their background.

We achieve this through quality first class teaching and swift, targeted interventions, co-production and high expectations. We ensure that appropriate provision and any barriers to learning are quickly identified and addressed for our disadvantaged pupils. The impact of these strategies is regularly and rigorously monitored to make sure children are making good or rapid progress and attainment in line with their fellow peers.

Our aim is to ensure that's pupils leave us performing as well as, or above that of other pupils nationally and locally and are fully prepared for the next stage of their lives.
