

Church Hill School Geography Curriculum Impact Statement

As a result of our Geography curriculum our pupils:

- Confidently use new subject knowledge to answer the key enquiry question.
 - Have the courage and confidence to ask questions and challenge ideas.
 - Use new topic-specific geographical vocabulary appropriately in their explanations and work.
 - Feel valued by their peers and school staff and believe that they can achieve and succeed in Geography.
 - Have meaningful conversations about global issues and understand their responsibilities in the real world.
 - Use fieldwork and digital technologies to enhance their classroom knowledge and develop enquiry and investigation skills.
 - Talk with confidence, and become inspired by, the work of experts in the field of geography.
 - Be able to represent their geographical knowledge and thinking in creative ways.
- Have inquisitive minds and challenge themselves both independently and when working with others.
- Leave primary education being secondary ready, equipped with secure geographical skills and knowledge.
